THE TOPIC OF THE STUDY DAYS

In our days, society appears to be crossed by extraordinary transformations; these changes are particularly important for therapists who have among their goals to improve the relationship and communication between people who seem more connected and distant at the same time.

What Group Analysis and its training has to say about this?

The theme of the EGATIN 2020 SD "Contemporary challenge. Applied Group Analysis in Group Analytic training" reflects on these considerations.

FRIDAY 24TH

09:00 - 10:30	Sensitivity meeting (for EGATIN Committee only)
